

ENTOMOLOGICAL SOCIETY OF BRAZIL

PROMOTING AND POPULARIZING ENTOMOLOGY SINCE 1972

[HTTPS://SEB.ORG.BR](https://seb.org.br)

ENTOMOLOGICAL SOCIETY OF BRAZIL (SEB)

Non-profit civil organization, that was established on February 22, 1972.

Promotes the exchange of knowledge among professionals in the field of Entomology, stimulating research, and disseminating information about the subject.

Publishes the SEB Newsletter, journals as Neotropical Entomology (IF 1.8), Entomological Communications and BioAssay.

Gathers approximately 2,000 to 3,000 attendees at the main events organized by SEB, which include the Brazilian Congress of Entomology and the Biological Control Symposium.

Active on social media platforms under the handle @seb.entomologia

Recognizes outstanding contributions in the field of Entomology through awards and honors given to entomologists who have made significant achievements in their work.
